

# Dr. Bahby Banks

Founder & CEO | Pillar Consulting, Inc.  
Founder | ENVISION Empowerment Experience™

Envision this: Getting motivated. Getting stimulated. Getting a chance to elevate your sights, grab some new tools and become fully prepared to send your best self out into the world. It's all made possible thanks to the talent, experience, energy and enthusiasm of Dr. Bahby Banks — creator, host, guide, cheerleader and MC extraordinaire of ENVISION Empowerment Experience™.

Bahby's been there, and she's done that, from earning her Ph.D. at the UNC Gillings School of Global Public Health to drumming her way through the streets of the Bull City as a member of Batalá Durham; from presenting at scientific conferences in Mexico and Australia to hang gliding over the sandy beaches of Brazil; from founding and leading an **international research consulting company** to getting seriously silly whenever the mood strikes. (Karaoke anyone?).

Along the way she discovered an ability and love for sharing her stories and insights. So she's shaped and funneled and boiled the stories she's lived and the lessons she's learned into ENVISION Empowerment Experience™, a half-day event where she shares her talents even farther and wider.

Bahby is passionate about encouraging her audiences to set audacious goals and define their own visions for success. Her sessions are always interactive, entertaining and inspirational; attendees leave invigorated, enlightened and ready to take on the world. With 15+ years of leadership experience and clientele including **Harvard University, Wake Forest University, NC A&T State University** and **UNC at Chapel Hill**, Bahby offers unique insights into remaining competitive in an increasingly competitive workforce.

Whether motivating students embrace their talents and creativity, or consulting corporate clients on leadership and networking strategies, Bahby has a gift for reaching people where they are, and helping give them the push to get where they want to go.

“Witnessing our keynote speaker, Dr. Bahby, not only keep the attention of but **ENGAGE** the 200+ high school students at our luncheon was an **unforgettable experience**. Speaking their language yet gaining their trust was a delicate balance that Dr. Bahby achieved, while highlighting the importance of education and the power of networks and networking. As Chair of the Board of this program, I can unequivocally state that **Dr. Banks is a dynamo multi-generational speaker, and she absolutely rocks.**”

- Vilma B., Pride Entrepreneur Education Program

"She has a way of drawing people in and taking them on the journey with her."

- Marcus H., World AIDS Day
